This *Incoterm Model* is used to manage the *Incoterms* on sales, purchases and shipments. The module contains the Incoterm versions of 2010 and 2020.

## 1.1 Activate an Incoterm for a company

To allow the usage of an *Incoterm* in Tryton, you must add it to the *Incoterms* field of the *Company*. You can also remove it later to prevent it from being used in the future.

The *Incoterm Module* introduces the following concepts:

## 2.1 Incoterm

Each *Incoterm* has a sets of properties that defines under which conditions they can be used.
