Release 4.2

May 16, 2019

Contents

1 Routing	3
2 Step	5
3 Operation	7

The production routing module defines the routings for production: Routing, Step and Operation.

CHAPTER 1

Routing

Routings are a list of steps to follow with one of the BOMs to produce a product.

CHAPTER 2

Step

Steps define the operation to perform at a specific point of the routing.

CHAPTER 3

Operation

An operation is a generic action.
