---

## Contents

---

<b>1 Routing</b>	<b>3</b>
<b>2 Step</b>	<b>5</b>
<b>3 Operation</b>	<b>7</b>

The production routing module defines the routings for production: Routing, Step and Operation.

# CHAPTER 1

---

## Routing

---

Routings are a list of steps to follow with one of the BOMs to produce a product.

## CHAPTER 2

---

Step

---

Steps define the operation to perform at a specific point of the routing.

## CHAPTER 3

---

### Operation

---

An operation is a generic action.
