2.1 Version 6.6.0 - 2022-10-31 . . . . .	5

The *Sale Product Recommendation Module* provides facilities to implement recommendation of products on sale.

Configuration of product recommendation can be found under the [*Sales* → *Configuration*] menu item.

## 1.1 Exclude product from recommendation

By default all salable [Products](#) can be recommended. If you want to exclude a product, you can uncheck the recommendable checkbox.

## RELEASE NOTES

### 2.1 Version 6.6.0 - 2022-10-31

Initial release
